

EVERY Girl Shines

Years 7&8 at Saint Kentigern

SAINT KENTIGERN
GIRLS' SCHOOL

A World of Opportunity for Girls

Your Daughter will Shine

Years 7 & 8 at our school are a time of personal discovery, academic growth and true belonging for girls as they embark upon their teenage years.

Our girls in Years 7 & 8 are connected, happy and engaged throughout their school lives because of the smaller class environment and all-round experiences they are offered. There is 'wrap around care' for every girl. We foster our girls' emotional, physical and spiritual wellbeing. Our girls' academic progress and success are assured by the highly qualified leading educators, along with an extensive specialist curriculum.

Our 'Big Sister - Little Sister' approach is magic! From the moment a new student arrives, she is warmly welcomed, develops friendships and takes on leadership responsibilities with a focus on service to others.

Our brand new school will be opening in 2022 at Saint Kentigern's Shore Rd campus. There is no doubt that our new state-of-the-art school will be nothing short of magnificent and we are looking forward to taking all the benefits of the Girls' School experience with us and building on the proud legacy of Saint Kentigern.

We hope that you will choose the Saint Kentigern Girls' School Year 7 & 8 programme for your daughter where I know she will shine.

Fides Servanda Est
Ms Juliet Small, Principal

New School Opening!
2022

I've realised **every** teacher knows **every** girl's name – right across the school.

"We feel that Kate really benefitted from being in this smaller school environment during the very important Years 7 & 8, with this incredible team of educators who are so closely involved at every level of the girls' development."

Maddie Thibaud
Parent to Kate, former Head Girl

Zoe joined at Year 0 during the school's inaugural year and we were so impressed with the personal attention and care offered to Zoe; her inclusion in the Saint Kentigern family was seamless.

Denise (Dee) Nel
Parent to Zoe,
Class of 2019

Our family has forged a strong connection and sense of belonging within the Saint Kentigern community.

The Girls' School provides outstanding support and opportunity for every girl to develop academically and emotionally.

This generation faces unprecedented technological change and we are delighted that the Girls' School instils traits of curiosity, leadership and cooperation that will serve the girls so well through what will be a life of continuous learning.

Tim Thodey
Parent to Olivia, Year 4

In Years 7 & 8...

- Our teaching and learning puts the students at the heart and demonstrates our values, academic focus and commitment to supporting every girl to achieve their best.
- Teaching and Learning is facilitated by the teachers to be more student led – the learning and inquiry process is influenced by the students' voice which results in higher levels of academic engagement from our girls.
- Our STEAM Programme is tailored to Years 7&8 where our teachers challenge our girls to work creatively and collaboratively, using the design thinking process to achieve greater outcomes. Our girls experience and understand the power of working collaboratively, to achieve high quality results.
- Academic enrichment and deep thinking are embedded through integrated units of work, across a variety of subjects.
- The Language programme is expanded - two different language choices are offered in semesters 1 and 2 in Year 7. Girls can then chose a specific language in Year 8.
- Speech and Drama is a core specialist subject from Years 0 – 8.
- Music is offered from Years 0 – 8. This includes opportunities to participate in choir, orchestra and Kapa Haka.
- To enhance sporting opportunities, our sports teams are integrated with the College Years 7&8 teams, which adds strength and makes us more competitive.
- Every girl has the opportunity to shine in a leadership role in Years 7 and 8.

To enquire about confirming your daughter's enrolment in Year 7 at Saint Kentigern Girls' School please contact our Admissions Team on 09 529 5750.

We welcome applications for enrolment online at saintkentigern.com/girls-school/
