^t Technology and Art have a broad mix of standards, all of which are unable to be outlined. Where necessary, students can be placed on an individual Education Plan (IEP), which may vary from the standards outlined in each subject. NCEA subjects written in bold are compulsory at that level *Non Examinable (Physical and Christian Education are compulsory where marked in bold) *** Not an approved University subject					** A second subject from Groups 2, 3 or 4 can be selected instead of a Group 6 subject. Many students use this option to take another specialised subject so that they can meet university pre-requisites.
